

USED CAR WEEK 2018

NOVEMBER 12-16 • SCOTTSDALE, AZ

PRESENTED BY

www.usedcarweek.biz

Used Car Week is about bringing people together, building relationships and driving the industry forward. Five major events — Pre-Owned Con, Auto Fin Con, Repo Con, the National Remarketing Conference and the NAAA Convention — split between two blocks feature sessions encompassing a broad yet tailored range of topics, from retail solutions, subprime lending strategies and best recovery practices to auction safety and women's leadership. The two-block format, initiated in 2017, allows attendees the freedom to choose from this wide variety of content and select the sessions they want and need to hear.

Used Car Week presents the perfect opportunity to build your network, grow your business, improve your knowledge and bolster your career. Be sure to add your name to the list by registering for Used Car Week 2018.

REGISTER TODAY

See you this November!
